SHARE THE SPOILS

When running for Mayor getting your message out is crucial. To help us achieve this for our recent campaign we turned to FlyerMail. FlyerMail printed all of our campaign flyers, door hangers and handled all of our direct mail campaign which was a large part of our advertising for the campaign. Since it is virtually impossible to knock on over 70,000 doors my team decided to insert a 5 by 8 full colour flyer inside the FlyerMail Kingston packages. The impact was huge. I repeatedly had people mentioning that they had seen my message in the FlyerMail packages while canvassing which convinced me that Flyermail really worked to deliver my message to the Kingston community.

Mark Gerretson, Kingston Mayor Elect

SHARE THE SPOILS

We began using FlyerMail in September of 2010. In only our second campaign we have already had more than 1000 coupons come back in Kingston alone. Before FlyerMail came along we inserted a flyer provided by our corporate office inside a local newspaper. We handed the complete program over to FlyerMail to design, print and distribute our flyers and the results have been great. I look forward to many more successful campaigns with FlyerMail.
